If there will be an "R Option" on this side cut along this line
.500
For units without an "R Option" on this side cut along this line
Cut Along This Line
Cut Along This Line
FMCA Series 2000 Cutout Template
For installation in raised wooden floor where backbox is not required.
Please check for proper scale by measuring perpendicular lines below. If lines are not equal to one inch, reset printer settings until they are.
