

Use this Guide as a work sheet for different models

FMCA Series Floor Box *See FMCA Series data sheets for detailed specifications*

Step 1) Determine how many and what kind of connectors you need. Then choose the Insert Type(s) from the Moduline Insert Data Sheet or use Table 1 as a reference.

Step 2) Choose which Series you need based on the required number of Inserts.

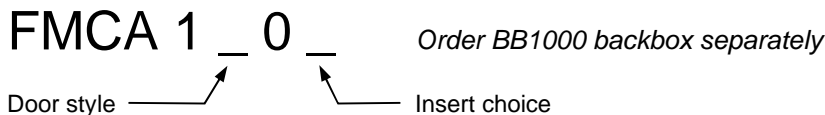

Note: See HandHold Option Data Sheet for additional options for 2000 and 3000 series.

- 1000 series - one Insert
- 2000 series - two Inserts
- 3000 series - four Inserts

Step 3) Place the Door style number in the appropriate Series example below.

- 0 - Steel, Black, Self Trimming - for carpet or hard surfaces
- 1 - Brass, Self Trimming - for carpet or hard surfaces
- 2 - Steel, Black, Flat - flush route-in for non-carpet surfaces
- 3 - Brass, Flat - flush route-in for non-carpet surfaces
- 4 - Steel, Black, Self Trimming, w/ Cable Door - for carpet or hard surfaces
- 8 - Stainless Steel, Self Trimming, w/ Cable Door - for carpet or hard surfaces

Step 4) Place Insert Type number(s) in the appropriate Series example below.

Note: Order accessories (Hole Plugs for unused spaces, QMA adaptors for RJ11 or RJ45 data/tel jacks, etc.) separately.

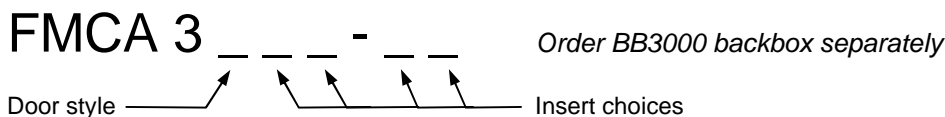

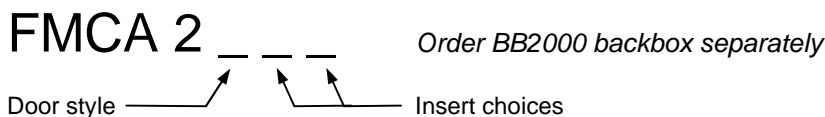

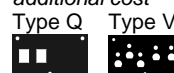

Table 1 - see the Moduline Insert Data Sheet for complete details of Insert Types
