

RPF series • Fixed Connector

Whether installing a new system or upgrading an existing one, the RPF series offers the convenience of a gang-type wall plate with the protective and aesthetic benefit of a covered connector. The steel cover fits on a single-gang electrical box, and is durable enough to

RPF50F

be mounted on the floor. The RPF comes equipped with your choice of one connector, protected behind a sliding panel when not in use. Available finish choices of antique brass or satin black match the RP series.

Specify connector type in place of ♦ in model number below.

RPF50 ♦ satin black

RPF51 ♦ antique brass
